WORK OF WOMEN'S BRANCH OF CIVILIAN DEFENSE OUTLINED BY MRS. CAREY

Mrs. C. J. Carey, Jr., County Chairman of the Women's Branch of Civilian Defense met with the local defense committee on Wednesday afternoon, February 25, at the home of Mrs. R. D. Hayes. The meeting was well attended.

Her opening thought was: "What Fifty Billion Dollars Will Do." It will supply two ships a day, one tank every seven minutes, one plane every four minutes, and many other things — hence, she said, "the necessity for our war program of bonds and stamps." Mrs. Carey stressed the necessity for "Civilian Protection" by the various branches: air raid wardens, auxiliary firemen and police, first aid and emergency medical treatment. Under "Civilian Participation" would be included individual efforts and communal efforts by first aid, home nursing and nutrition, first in connection with individual family and in an emergency for the community.

She again urged the necessity for enrollment in the various classes. Later, information will be given in regard to family budgeting and keeping physically fit. A 4-H leader will be on hand to give information in regard to Victory gardens in order to increase production. Due to the continued bad weather it has seemed advisable to delay starting new classes because it is hoped that these may reach as many as possible. Anyone who hasn't enrolled for classes should do so at her earliest convenience in order that the size and number of classes may be arranged. Enrollment may be made with Dick Cappiello, Mrs. H. T. Murphy, Mrs. C. E. Dempsey or Mrs. R. D. Hayes.

Fort Covington And County All Set For Trial Blackout On Tuesday Night, March 10

Fort Covington is already for the test blackout scheduled throughout Franklin County for Tuesday night, March 10th. The signal will be received from Malone county headquarters at the local Customs Station from where in turn Charles Dempsey will be called to sound the fire siren; Dick Cappiello, head of the auxiliary police, and Charles Tallon, chief air raid warden, will be notified to get their volunteer forces in action. At the blast of the siren, will at once start the fire truck and bring it on to the streets in preparation for fire fighting duty.

The towns of Bombay, Hogsburg and Westville, all located within this telephone exchange district will also be notified from the Customs Station.

Charles Dempsey has announced that as an air raid "alert" signal the siren will be sounded once every three minutes. The "all clear" signal at the end of the raid drill will be two long successive blasts.

Upon the air raid "alert" signal which will probably occur between 9 and 10 o'clock Tuesday night, people are asked to put on all lights in their homes and other places which can be seen from the streets. The whole community and entire country-side should be in complete darkness. All traffic should stop at pulling to the side of the streets or highways or preferably into driveways and everybody excepting those on duty should seek immediate shelter and not be on the streets. Parents are particularly requested to keep children and young people at home.

There will be test blackouts on March 10th and 18th, and after that will probably come some surprise try-outs to test the completeness and efficiency of the system set up.

These air raid drills are especially important to people of the St. Lawrence River Valley for this route the historic battleground of the continent, is termed "classic" in a pattern for conquest of North America in the Office of Facts and Figures in Washington. It is seen therefore that these blackouts and the whole defense program should be taken very seriously for they might prove vitally important.

Dick Cappiello, lone leader of the Auxiliary Police has submitted a list of policemen who will be on duty in Fort Covington Tuesday night and

during blackouts. The list: Paul Lacombe, Earl Allen, Robert Regan, Garland Creighton, Sylvester Saumier, Arthur Dupra, Vernon Tuper, Harold and Carl Brockway, Floyd Scanlon, Henry Murphy, Alfred Dyer, Edward Dumas, Willard Savage, Steve Smythe, Bernard Derouche, James Costello, Burt Fish, Mervin Phillips, James Black, Harry Storm, Ernest Sprague.

Air Raid Wardens selected by Charles Tallon, local leader, include: George Mayhew, Charles Vincolette, Herbert Farquhar, Joseph Burditt, Hector Folsy, Evan Avery, Placid Laporte, George Benn, Joe Arell, George Shartrood. Other volunteers are needed and should apply to Mr. Tallon.

There will be a meeting of air raid wardens and auxiliary policemen at the office of Dick Cappiello tonight at 8 o'clock.

Further instructions on "blackouts" in the form of leaflets will be available within a day or two. People should watch for them and make sure to procure a copy for each household.

NEW MOCCASIN FACTORY MAY COME TO FORT SOON IF PLANS MATERIALIZE

Fort Covington may soon have a \$50,000 a year industrial payroll if present plans for a mocassin factory here under the direction of Roy Elliott materialize. Mr. Elliott has made known his desire to establish a business here which would employ between 40 and 50 hands and in tentative offers has asked for and been overtured inducements by the Aetna Fire Company and the village board.

Mr. Elliott, it is reported, would like a part of the Firemen's hall to include the restaurant space at present rented by Mr. and Mrs. Frank Hamond and the dining hall as floor space for his factory. The two places together measure 60 by 60 feet and in a three years' lease, Mr. Elliott asks for one year's rent free. Alterations to the building to make it suitable for factory use would cost approximately \$1200. The village board, it is reported, will offer a proposition to the voters in this month's election to raise this amount for this purpose.

These plans were arranged at a joint meeting of Aetna Fire Company members and the village board at which Mr. Elliott was present. It was held Monday night in Robert Regan's office.

INDIAN LOSES CASE DECIDING ISSUE OF CUSTOMS ON RESERVE

Mitchell Back, an Indian of the St. Regis Reservation, was convicted by jury trial in Federal Court in Albany Tuesday on a charge of assaulting an officer in the performance of his duty. He was sentenced to three months in Franklin County jail and the sentence was suspended and he was placed on probation for one year. The case grew out of an altercation between him, and Patrolmen A. J. Laraby and H. T. Murphy last March 16th when the officers attempted to enforce Customs border rules on the reservation.

The case is important, not because of the punishment meted out to the Customs law violator but because of the decision of the court that Indians living on the reservation are subject to Customs regulations which in the past the Indians on the strength of age-old treaties contended they are not.

The two patrolmen involved in the case, attended court in Albany and returned home yesterday.
