Mitigation Planning Committee

3rd Public Meeting Notice

The City of Dunkerton has scheduled the third meeting in the process of updating the City's Hazard Mitigation Plan. At previous meetings the committee identified potential hazards to the community, scored those hazards, and identified activities and projects to help mitigate the effects of potential hazards. At this meeting the committee will review the scored hazards and will rank the identified activities and identify the responsible parties for each activity.

The City of Dunkerton believes that you may be able to add some insight to this process and looks forward to seeing you at the meeting. If you are unable to attend this meeting please feel free to send written comments to the address given below. Please encourage all whom you feel would be interested to attend
